

# DORCHESTER and DISTRICT **READ WOODRUFF** EVENING CRICKET LEAGUE

Dear Club Secretary,

This year again we unfortunately do not currently have an Umpires Secretary, and would be most grateful if you know anybody interested in this role in contacting a member of the committee before the AGM to put their name forward.

In addition to the requirement of an Umpires Secretary we also need more league umpires. These umpires do not need to be qualified umpires although they must be competent in the role, and must be able to commit to supporting the league throughout the season.

Last season, almost every game played had an umpire supplied by the league and the committee would like this to continue, although more umpires will be needed to achieve this. If any club has any members who would be interested in umpiring for the league please notify a member of the committee at the AGM.

It has been agreed by the committee that anyone showing an interest in taking an umpiring course may apply to the committee for funding to cover the cost of the course. Applications will need to be made in writing from a club or individual to the committee Secretary up to the 31<sup>st</sup> August 2010. Please ask a member of the committee if you require any more information.

Yours sincerely

Rachel Bailey  
Secretary
